THE MAYOR OF LONDON.

The Lord Mayor of London has a salary
of \$80,000 a year. He has also a mansion
or palace, provided by the corporation,
which is furnished with great splendor; the
banquet hall rooms and the Egyptian hall,
are magnificent apartments. There is a
spacious and elaborately carved state bed.
There are twenty-four footmen in sumptu-
ous liveries allowed the Mayor, beside a
sword bearer, who rides with him in his
state carriage, a chaplain, a toast-master,
two marshalls, dressed in sumptuous uni-
form, and twenty marshalls, men in blue,
red and gold. The Mayor during his year
of office is always dressed in a court suit,
and wears a scarlet mantle trimmed with
sable fur, a large gold chain and diamond
badge pend ng from it round his neck.—
His wife is called the lady mayoress, and
should she become a mother during the
time of her husband's mayoralty, she re-
ceives a silver cradle as a present from the
corporation.

The carriage of the mayor is generally
most beautifully adorned with painting and
gilding, and the liveries of the servants are
generally gaudy in the extreme, being one
mass of gold or silver lace. The state
coach is an immense vehicle of carved work
richly gilded, and having paintings repre-
senting the triumphs of commerce and civil-
ization over barbarism. These paintings
are by the celebrated Hogarth. The
"Lord Mayor's Day," the ninth of Novem-
ber, the day of his inauguration into office,
is one of great splendor; the state coach
with six horses, accompanied with the foot-
men in state livery, the whole of the gulf
or city companies in mantles of ceremony,
large banners of silk, with the arms of the
companies and a number of knights in full
armor, as in the days of the tournaments.—
This gorgeous procession returns by water.
The boats are all gold and carving, the
rowers in rich dresses, twenty to each boat,
and the banners of all sorts streaming from
them. The Sheriff of London, two in num-
ber, receive no salaries; they have very
splendid carriages and liveries during their
year of office, and wear in the courts purple
silk gowns, with fur trimming and gold
chains.—Boston Rambler.

THE MILITARY LETTERS.—Lieut. Col.
Duncan has written a letter to the North
American, under date of Mexico, Nov. 13th
in which he avows himself the author of the
"Tampico letter" which Gen. Scott in his gen-
eral orders characterized "as malicious,
scandalous," &c. He wrote it to a friend in
Pittsburg, in a private letter, declares it to
be true and that many officers in the Army
agree with him. He says that Gen. Worth
knew nothing of the letter until it was pub-
lished.

Mr BUCHANAN.—A great democratic
meeting in favor of this gentleman for Pres-
ident was holden in the public square at
Pittsburg on Tuesday evening.

ROMAN Eye Balsam, for weak and inflamed
eyes, for sale by (no 16) C. G. C. HAZARD.

WEDNESDAY, JANUARY 5, 1848.

BY G. F. JACKSON, 97-THAMES ST

As this is the season when many of our business men make new contracts for advertising during the year, we will say to the public that the circulation of the *Daily News* is considerably larger than that of any paper in this town; and what is more, it is steadily increasing. We are daily receiving new subscribers who have never taken our paper before, and those who advertise with us will be sure that their favors will not only go into a large majority of all the families in Newport, but will also be circulated in the country. The *News* was never in a more flourishing condition than at present, and we shall spare no pains or expense to make it the best paper, containing the very latest intelligence, published here. As evidence of our having the largest circulation, we advert to the fact that the list of letters remaining in the Post Office, is advertised by law in the paper having that circulation, and let it be remembered, THAT THE DAILY NEWS IS THAT PAPER. Bring in your advertisements, and we will agree to give them an extensive reading, by all classes.

THE TOLL OF A NEWSPAPER.—Captain Maryatt had a pretty correct idea of the labor in conducting a newspaper; and if it is so much work to prepare matter for a weekly paper, how much more is it for a daily. He says:

Newspaper literature is a link in the great chain of miracles which proves the greatness of England and every support should be given to newspapers. The editors of these papers must have a most enormous task. It is not the writing of the leading article itself, but the obligation to write it every week whether inclined or not, in sickness or in health, in affliction, disease of mind, winter and summer, year after year, tied down to the task, remaining in one spot. It is something like the walking of a thousand miles in a thousand hours. I have a fellow feeling, for I know how a periodical will wear down one's existence. In itself it appears nothing—the labor is not manifest, nor is it the labor, it is the continual attention which it requires. Your life becomes as it were the publication. One week is no sooner corrected, and printed, than on comes another. It is the stone of Sisyphus an endless toil, a constant weight upon the mind, a continual wearing upon the intellect and spirits, demanding all the exertion of your faculties, at the same time that you are compelled to do the severest drudgery. To write for a paper is very well, but to edit one is to condemn yourself to slavery.

FRIEND JACKSON.—I availed myself of your suggestion, and on New Year's day dressed myself with more than usual precision, and started out on my calling expedition. My list was not very extensive, so I could afford to spend an hour with each of my fair friends. I soon found that generally the Ladies were not expecting callers, and many of them sent me word to the door that they were engaged, and begged to be excused. Here was a damper; and worse than all, at no one house did the inmates invite me to take a glass of wine, or a piece of cake, or even present me the simplest token of regard. Well, after going round from house to house, and playing the agreeable till I was tired out, I was obliged to hurry to my Hotel, to get a morsel to keep me from actual starvation. Think of it! What a disappointment! I crave your sympathy.

A CHEER-FALEN VISITOR.

LETTER FROM BUENOS AYRES.—Dates from Buenos Ayres to the 26th October have been received.

The French were enforcing the blockade more strictly than ever.

Rosas had issued an order to the effect that no small vessels should be admitted after the 19th November.

Rosas had granted bounties for the importation of 15,000 lbs. Flour.

The Buenos Ayres duty on flour is \$1.5 per bush.

James Sheridan Knowles, the dramatic author, is in the list of Scottish bankrupts.

Peter Goodrich is getting well at New Haven.

THE COLUMBIAN MAGAZINE for January is before us; it appears in an entirely new dress, and is as beautiful as any of the monthlies. The engravings are "Rich and Poor," "Constantinople and the Golden Horn," and "Washington's reception on the bridge at Trenton, in 1793," besides a Fashion Plate for the month and some choice Music. The engravings are very rich, and show that the Publisher does not mean to be behind his contemporaries. The literary articles are entirely original, and are from the pens of Mrs. Osgood, Mrs. Sigourney, Miss Browne, Fanny Forrester, T. S. Arthur, and others. The names of the authors are a sufficient guarantee for the value of their productions. The *Columbian* has passed into new hands, and is now published by John S. Taylor, 151 Nassau street, New York. John Hunan and Robert A. West are its editors.

Two lawyers, in Troy, recently had a fight in Court, in which one of them came off "second best," after having his countenance badly smashed; the Judge had to leave the bench, and separate them.

It is supposed that one hundred thousand francs changed hands in Paris on New Year's day, in the way of presents.

A bill to exempt the home of a family from sale on Execution was indefinitely postponed in the Legislature of Tennessee on the 21st ult. by a vote of 59 to 13.

The Constitution offered to the consideration of the people of Wisconsin having been rejected by them a new convention has been chosen, the members of which assembled at the Capitol in Madison on Wednesday the 15th ult. and adjourned over till the following day.

The Journeymen Mechanics of Philadelphia held a large and enthusiastic meeting under the Chinese Museum on the 27th inst. and resolutions in favor of the Ten Hour System Trade Societies, and recommending organizations, and frequent meetings were passed.

PACIFIC RAILROAD.—Gov. Bebb, of Ohio, has transmitted to the Legislature the resolutions passed by the Rhode Island Assembly in favor of Mr. Whitney's projects of a railroad to the Pacific. He has also transmitted a message in opposition to the plan.

A Cotton factory built at Utica, New York, commenced the manufacture of goods in the latter part of March, and was put in full operation in April. The year is not therefore complete until next March, but the directors of the company have already declared a dividend of ten per cent.

A PENNY AFFAIR.—A funny affair came before the police, at New York, on Saturday. Some year or so ago, one of the policemen, James Bennett, was sent to the State Prison for five years for a grand larceny. Last week Gov. Young pardoned him, and he returned to the city, and found his wife married to one of his friends named Thomas Roberts. The newly married couple lost no time in getting out of the city, and the poor ex-policeman now charges the theft of his silver watch, valued at \$50 upon the new husband of his exceedingly provident wife.

FROM RIO DE JANEIRO.—Dates from Rio de Janeiro to the 1st November, have been received. Flour was dull, and all business paralyzed, on account of the recent failures in England.

The January session of the Legislature commences in Providence on Monday next.

The Lowell Daily Courier, Mr. Atkinson's paper, has been enlarged about one third in size, and otherwise improved.

The Atlas Bank, of New York, at Clymer, is reported broke. It is one of the Free Banks. The notes are secured by New York State Stocks and a bond and mortgage for \$65,000.

Mr. Clay was to leave Lexington on the 26th or 27th ult. for Washington, to attend to an important suit in which he is engaged as counsel, before the United States Supreme Court.

Mr. Clay has arrived in Washington.

The dinner given to Gen. Quitman and Shields at Washington on Friday evening, passed off in fine style. The Mayor of the city presided, and speeches were made by Messrs. Buchanan, Dallas, G. F. Johnson, Shields and others. Speeches and toasts were kept up to a late hour.

SHIPWRECK.—The Abba Thala, of Portland, has been wrecked and lost on the coast of Virginia crew saved.

Thirtieth Congress—First Session.

SENATE.—Monday—In this body resolutions calling upon the President for the correspondence of Mr. Wise, late Minister to Brazil, relative to the slave trade were adopted.

A bill to provide clothing for the volunteers was passed, and a resolution providing for the printing of the History of Col. Donaphan's Expedition was postponed.

A bill to increase the army to the amount of ten regiments was taken up.

Gen. Cass spoke in favor of the bill which elicited much discussion. It was finally postponed to Wednesday.

The Senate then went into executive session.

HOUSE.—Monday—The Southern Mail contract was made the special order of the day tomorrow.

A resolution providing for additional clerks in the Pension Office was adopted.

Bills settling the New Hampshire claims against the United States and changing the place of holding the courts in New Hampshire, were read twice.

A resolution was adopted inquiring into the expediency of repealing laws prohibiting the private conveyance of letters and papers.

Mr. Hudson of Massachusetts, offered a resolution instructing the Military Committee to inquire into the expediency of requesting the President to withdraw our armies to the east side of the Rio Grande, and proposing forthwith a treaty of peace founded upon our relinquishing all claim to indemnity—the boundary to be the Desert between the Nueces and the Rio Grande—with security for claims due to our citizens before the war.

The previous question was called.

A motion to lay that call on the table was negatived by a vote of 51 to 125.

The resolution of Mr. Hudson was then rejected by a vote of 41 to 37.

Mr. C. J. Ingersoll of Pennsylvania, offered a resolution inquiring of the President whether any notice had been taken of the remarks of the British Secretary in the House of Commons in regard to the want of faith in the United States; it was laid over.

Mr. Dickey of Pennsylvania, offered a joint resolution appointing a committee of five from each House of Congress to invite the President to a conference on the best mode of effecting peace with Mexico. It lies over.

Mr. Hamplien offered a resolution that new territory should be received by the votes of the several States.

Mr. Houston of Delaware, offered a joint resolution thanking Gen. Taylor and the army.

Mr. Hanley moved an amendment, adding, "while engaged defending the rights and honor of this country."

Mr. Ashman of Mass., moved an amendment—in a war unnecessarily and constitutionally begun by the President.

The latter amendment was adopted by a vote of 85 to 81.

The House adjourned.

NAVAL COURT MARTIAL.—It is understood that a naval court martial will be held at the Charlestown Navy Yard on the 10th of January for the trial of Commander Richard S. Pinkney, late of U. S. ship Decatur, recently arrived at this port from the Gulf of Mexico, on charges of misconduct, &c., preferred against him. The court is to be composed of the following officers: President—Commodore Downes; Members—Commodore Turner; Captain Gregory, Salter, Armstrong, Gwynn; Commanders J. C. Long, Abbot, and Crowninshield. Judge Advocate—Lieut. Winslow.

The bill to supply a deficiency in appropriations for the subsistence department, which has passed both houses of congress, appropriates four millions.

STEAMBOAT EXPLOSION.—A steamboat, the name of which is not mentioned, blew upon Sunday, the 19th ult., a few miles below New Orleans, by the explosion of her boiler, and sixteen lives were lost. They were mostly of the crew; names not given.

The number of deaths in Boston in 1846 was 2396, and in 1847 4121, showing an increased mortality of 742.

COMMERCIAL OF BOSTON.—The number of arrivals at that port during the year 1847, was 9981; coastwise 7125, from foreign ports 2356. The clearances during the same amounted to 5724—coastwise 3193, foreign 2526.

The enterprising proprietor of the Colchester India Rubber Factory, in this county, a few months since sent a fine pair of shoes of his manufacture to Prince Albert. By the last steamer he received the insts of Queen Victoria and the Prince, with an order for Boots and Shoes for the whole royal family.—*New London News.*

The returns of the Bank of England, for the 2d of December, show an increase in specie, during the last three weeks, of \$8,500,000, more than sufficient to compensate for the loss of the previous three weeks, which was \$7,250,000.

NEW YORK LEGISLATURE.—This body meets on Wednesday at Albany. The whigs have nominated Hadley, of Troy, for speaker of the assembly, Priolello the old clerk, for refection, and Andrew Culloun, of Tioga, for clerk senate.

To enable Invalids to Die of Old Age without Disease.—The public may not be aware that the Rev. B. Hibbard's Vegetable Pills are the very best Family Medicine extant; perfectly reliable in every emergency. No man can foresee the moment when they or their children may be attacked. Disease comes like a thief in the night, and in times of peril, anxiety and danger, it is a relief to the mind to have at hand a remedy so certain, prompt, and efficient in warding off as well as curing disease. Ship Fever, Typhus Fever, Congestive and Billious Diseases are the scourges of the land. To travellers, emigrants, soldiers, and families, we say neglect not to provide yourself with a possessor of the blood; so safe, mild, and universal a remedy as these sovereign Vegetable Pills. Remember the name of Rev. B. Hibbard is on the label of each box. All others are spurious. T. R. Hibbard, M. D., 96 John-st., New York, proprietor. See advertisement in another column.

Stead's Sarsaparilla.—The following interesting case is presented, and the reader invited to its careful perusal. Comment on such evidence is unnecessary.

East Point, N. Y., Aug. 10, 1846.

Messrs. Sands: In the spring of '41 I had the typhus fever, with which I suffered the most intense pain, and when I recovered from that, I was attacked with a spinal complaint and inflamed sore throat. This continued till June, '43, when my throat and lungs ulcerated, attended with a severe cough, and my face was covered with scrofulous sores. I cannot describe what I suffered for five years, three of which I was confined to my bed. During this time I received no benefits from the prescriptions of the various physicians, and had nearly given up all hope of ever being any better. At this time I was induced to try your Sarsaparilla, from the many remarkable cures it had performed, and strange as it may appear, the first bottle effected a sensible change. By continuing its use my health has so much improved that I can now not only sit up, but walk, and I fully believe, with the blessing of Providence, that it will effect a perfect cure. Yours, very truly,

ADRIEN STANLEY.

Sore throats, cough, consumption, pains in various parts of the body, and other unpleasant symptoms, are the usual effect of catching cold.

Wright's Indian Vegetable Pills are a delightful medicine for carrying off a cold, because they purge from the body all morbid and corrupt humors in so easy and natural a manner, that the body is relieved of all suffering as if by magic. From three to six of said Indian Vegetable Pills, taken every night on going to bed, will, in a short time, make a perfect cure of the most obstinate cold—at the same time the blood and other fluids will be thoroughly purified, and the constitution so completely invigorated, that the body will be restored to sounder health than before.

Beware of SUGAR COATED COUNTERFEITS.—Remember that the original and only genuine Indian Vegetable Pills have the written signature of William Wright on the top label of each box.

The genuine are for sale by C. G. C. HAZARD, No. 58 Thames-st., Sole Agent for Newport; and by Nathan Dennis, Portsmouth; Seabury & Alton, Tiverton Bridge; Arnold Smith, Tiverton Four Corners; H. F. A Word to the Public.

AFTER the 31st day of January, I shall discontinue to receive New York papers daily, as I shall receive them only on such days as the papers arrive. On the alternate days an extra number of Boston Daily's will be procured. I am compelled to adopt this course for the following reasons: 1st, there is not patronage enough in Newport during the winter months to pay the expense of procuring from New York a small one daily. 2d, the mails are so irregular during the stormy season, that two mails frequently arrive together, and although at such times, I sell at discount, many will not buy at all, thus throwing the whole loss on my shoulders, when at the same time, if they subscribe and receive them through the Post Office, they must take them as they come, and pay two dollars and seventy cents a year more than it costs to receive them of me. I lost about Fifty Dollars last winter in my effort to accommodate the public, but in justice to myself I cannot do it again with my eyes open. Respectfully the public's obedient servant.

WM. GOFF,
News Depot, 99 Thames street.

N. B. Should a sufficient number of names offer previous to the 15th, to pay the expenses procuring a small order from Providence, on alternate days, I will procure for those who subscribe.

Some splendid annuals for New Year's present expected to-day.

Persons will confer a favor on me by informing me whenever any carriers neglect them. Feb 5

Hoorah for Christmas, clear the track,
For old Santa Clause is coming back—back.

My friends I do appear once more,
To welcome to our favored store
The children's friend, old Santa Clause,
That all may be supplied.

Hesitant me a letter a month ago,
He sent me the little I know,
If I would arrange it so
For him to stop with me.

Of course I quickly did reply,
And on my word you may rely,
I never let such things pass by
For that would never do.

So he'll be here by Christmas day,

And they will all be given away

The Good Things of the Season,
FOR
Parties, Holiday Presents, &c.

WINTER evenings and YOUNG'S Variety Store form pleasant diversions for the inhabitants of Newport. There is a table scarcely that can contribute to the comfort of all, that cannot be obtained at this store, and all as low and a great many much less than can be bought elsewhere in Newport. For example, we will attach the following prices, and every article is warranted.
Western Apples from \$1.75 to \$2.12 per bushel; shell-buds \$2 per bushel; pineapples \$1.62 per bushel; chestnuts from four to five dollars per bushel; almonds one shilling per pound; new raisins, figs, dates and currants 12 1/2 cts per pound; we sell these last named articles at wholesale prices. Prunes 20 cts per pound; grapes 25 cts; new citron 28 cts; preserved ginger \$1.10 per jar, or 30 cts per pound, in small quantities; candies and all kinds of confectionary cheaper than they have ever been sold at any other store in town, at wholesale and retail, always fresh and of the finest quality; for the truth of this we wish every one to come and judge for themselves.
This is no idle advertisement merely to draw people to my store to disappoint them, but a plain statement of facts, which all may ascertain by calling. Also several kinds of Cough Candy, warranted equal to any now in use, for the cure of all kinds of complaints arising from colds.
Fancy articles and toys of every description, in any quantity, such as silk purses, pocket books, razor cases, pocket knives, scissors, razors, razor strops, hair, clothes, tooth, and shoe brushes, fancy work boxes, walking canes, dominoes, dice, conversation cards, French and Highland do, combs of all kinds, cologne, hair oil and pomatum, cigars, tobacco, and everything that is ever kept in a confectionary and variety store.

Miracle.
ON the 4th of August, in the year 1813, a singular scene occurred in the Royal Scientific Institution of France. The aged, white-headed President, his head bare, his arms outstretched, his face radiant with smiles, his voice triumphant, and his voice with gratulatory tone, delivered the following report:
"We are astounded at this singular preparation. Where indeed will science stop! Here we have a preparation made in the form of a beautiful piece of soap, which we know by actual practice, to cure every cutaneous eruption, every disfigurement of, and even discolored skin! Where will its magic and singular power cease! The Negro, the Creole, the Yellow Race of the East, and the Red Man of the far West, are alike under the influence of its extraordinary powers of clearing yellow or discolored skin, and making it white and beautiful, and of changing the color of dark, or black, or brown skin." (Here several persons were brought forward by the President, who had used it, in proof of his assertion.)
There are probably few persons of intelligence, who, after reading the above, will doubt the qualities of JONES' ITALIAN CHEMICAL SOAP, in curing Pimples, Blisters, Salt Rheum, Scars, Erysipelas, Sore Heads, Old Sores, Healed and Scurf, the Itch, Chapped and Tender Flesh, Freckles, Tan, Sunburn, and changing dark smooth or yellow skin to a pure, clear white, as smooth and soft as an infant's, and in fact every kind of eruption and disfigurement. Read these certificates:
[From the N. O. Sentinel, Oct., 1844.]
One of our subscribers, Mr. H. Leonard, informs us that he has been cured of old, scaly, Salt Rheum, of eighteen years standing, on his head, fingers and hands, by a cake of an article much advertised lately—we speak of Jones' Italian Chemical Soap. He also informs us that he has tried its effects on his female slave Rose, much marked with sun spots, and he found in two weeks her skin much clearer and whiter.
James Ethburn, a painter in Jersey City, was cured of carbuncles and pimples, which he was afflicted with for many years, by part of a cake of Jones' Italian Chemical Soap.
Persons in purchasing this must always ask for Jones' Italian Chemical Soap; and perhaps, as many who have been cheated with counterfeits, will be too much discouraged to try the genuine, we say to such, try this once—you will not regret it; but always see that the name of T. JONES is on the wrapper. For sale in Newport by June 10—4m R. J. TAYLOR.

SHOES, BOOTS AND GAITERS.
A very Extensive Supply.
IN offering this stock of goods to the inhabitants of Newport and vicinity, I am aware that the satisfaction of making a good bargain is incomplete—it is not realized when the purchaser does not know that he is receiving for his money the very best return. To give, in this case, full assurance, I will say, that whilst the above goods are too valuable to allow of being purchased at lower prices than other goods in market, I will notwithstanding, sell them at such prices as cannot fail to secure a continuance of that custom which I already have so largely and so liberally received.

Phalon's Chemical Hair Invigorator.
A REMEDY for all diseases of the Hair, and is restorative in all cases where baldness is not beyond the reach of art.
Naught with beauty can compare.
With soft, glossy locks of hair;
If not endowed with such by nature,
Use Phalon's Hair Invigorator.
The subscriber having devoted a considerable portion of his time, twenty years to the study of the skin and the human hair, also the best means of treating and curing the same, and having, in the course of his experiments made various changes and improvements in the different articles approved as the best for such purposes, has at length, after laborious research and deep investigation, succeeded in bringing to perfection a composition, the virtues of which he challenges the world to excel.
The Chemical Hair Invigorator is composed of a number of vegetable ingredients of opposite qualities, and approved by the highest medical standard, the secret of blending and combining, which is known only to the subscriber, who has spared neither pains nor expense in bringing it before the public.
The Invigorator is an article in which a changing and purifying wash is beautifully blended with a most delicate, silky and glossy medicine of the hair never before attained, yet free from animal grease or essential oils. It cleanses the pores of the skin, causes a healthy action of the blood vessels, nerves, &c., which free the hair, thereby preventing baldness and gray hair, entirely frees the skin from scurf, dandruff, and other cutaneous diseases, disposes the hair to curl, and keeps it so—will positively change the hardest hair into the most soft and healthy and glossy state, also will impart to it a darker color, and a free use of it will keep both the skin and hair in a healthy and luxurious state until the last period of life.
Ladies will find the Invigorator a great addition to the toilet, both on account of its delicate and agreeable perfume, and the great facilities it affords in dressing the hair, which when moistened with the Invigorator can be dressed in any required form, so as to preserve its place whether plain or curled. When used on childrens heads it lays the foundation of a good head of hair.

The great and only Successful Remedy for the cure of Consumption,

IS DR. E. W. VONDERSMITH'S INDIAN COUGH BALM AND LUNG BALM.

Dissemination of the Lung and Throat cure.

White Plains, April 20, 1847.
This is to certify that I have been afflicted for five years with a cough, pain in the chest, night sweats, difficulty in breathing, etc., and I also expectorated a large quantity of frothy matter and blood, from which I was reduced to a perfect skeleton, my throat was very much ulcerated. I had lung cancer applied to my throat twice a week, but received no benefit; I have used one hundred different kinds of Patent Medicines, recommended by my friends, but all to no purpose. A friend of mine, Mr. Willett, whose lungs had been affected for two years past, was cured by Dr. VonderSmith's Medicine. He insisted upon my trying Dr. V., and I did so. After I had used his medicine 15 days, I expectorated large quantities of yellow frothy matter, my chest expanded, and my difficulty in breathing subsided. I persevered with his medicine, and the result has been, I am perfectly cured of all my sickness. I recommend every consumptive to try Dr. V.'s medicine, I am confident it will cure you. Your sincere friend,
EDWARD C. THOMPSON.

Sworn before me this 21st day of April, 1847.

Dissemination of the Lung.

New York, June 19, 1847.
Dr. VonderSmith:—I have been subject to a cough, pain in the chest, difficulty of breathing, &c., for many years past. About four months ago I took a severe cold, which settled on my lungs. I was unable to attend to my business during the day. I would have dreadful coughing fits, that I thought it was impossible for me to survive unless I could get relief. The excessive night sweats, had reduced my whole body to a skeleton. I expectorated white frothy mucus, in fact, should I give the full particulars of my case, it would be almost incredible. I was recommended to try Dr. VonderSmith's Indian Cough Balm and Lung Balm. I consented; when I used it about one week, my cough decreased considerably, which gave me great hopes. I continued with the medicine according to directions, and the result has been that I am restored to health, a blessing that I have not enjoyed for years, until the present. I sincerely believe had I not made use of Dr. VonderSmith's invaluable medicine, that I would be mouldering in the silent grave. Therefore I believe that I am doing nothing but what is justice, in stating the above facts, so that you may show it to all the afflicted who may call upon you to administer to them. I shall be pleased at any time to converse with the afflicted who call upon me. Your grateful patient and friend,
JAMES B. HENDERSON,

Consumption.
Sutton Island, June 10, 1847.

Dear Sir—I take great pleasure in giving you my certificate, last December I was attacked with a severe cough, pain in my left side, loss of appetite, and continual raising of white and yellow mucus. Some days I raised a half-pint of mucus, streaked with blood. I have been under the treatment of a dozen physicians, I was recommended by Dr. Mitchell of Philadelphia, to use a Breathing tub, I purchased one, I only made use of it one week, it was the cause of bringing on a hemorrhage of the lungs, which reduced me so much that I was unable to sit up, my voice was entirely destroyed, it was difficult for persons to understand me. I saw Dr. VonderSmith's Medicine recommended very strongly by a patient whom he had cured. I sent for half a dozen bottles, I received great benefit from that, which induced me to purchase a dozen bottles, I took according to the directions, and it cured me perfectly sound.

Yours, &c. ROBERT WILLEY.

IF Rev. B. HUBBARD'S Vegetable and Anti-Bilious FAMILY PILLS are not found to be the most convenient, the best, and the most efficacious, and fully equal to any recommendation of trial, if you do not find that one of these pills does more good than four to six of any other kind, every agent stands ready to receive the empty boxes and refund the money.

These Pills are recommended as being without an equal in all Bilious attacks, affections of the Liver, the Lungs, Stomach, or Bowels, caused by taking cold, or obstructed perspiration. They carry off the bile, cleanse the stomach and bowels, and re-open the closed pores of the body, thereby letting off the insensible perspiration through its accustomed channels, and relieving at once the internal organs. Also in old chronic affections, as Dyspepsia, Sick Headache, Rheumatism, &c.—Mind the Directions, which go with each box.

Every agent has circulars of these Pills to give away.
Half a Pill is the usual dose, though some require One Pill, or even more. Children of one year and over, one quarter of a pill, of 7 years and over, half a pill. These Pills are purely VEGETABLE, and may be taken under all circumstances, without regard to drink or diet.

The American Improved Vegetable Medicine.

SAFE, CHEAP AND EFFECTIVE.

This medicine makes no pretensions to miraculous powers, the raising of the dead, or to immense and astounding sales daily and hourly, after the most approved method of the times; but bases all its claims upon plain common sense principles, as a simple and to nature in restoring the human system to its proper tone and action, when by carelessness or unavoidable circumstances it has become deranged or debilitated, and asks simply a faithful trial as a test of its curative properties. During the last twenty years it has worked its way into extensive use, really upon its own merits, by commendation from individual to individual, not having been advertised for more than twelve years till within the past few months—save occasionally in a journal of which the present proprietor is Editor. The increasing demand, however, has necessarily compelled greater attention to its business, and agencies are now being established throughout the country.

A faithful trial of a half dollar or dollar package is almost certain to secure use in every family where it is introduced, where medicine is needed. The undersigned has used it in his own family for more than fifteen years—has knowledge of its approved use in many others, (for periods varying from months to fifteen or sixteen years,) as their only medicine, and knows it to be valuable in most of the complaints incident to the human system. But a long or extravagant commendation is not designed or needed here. Ten thousand more assertions in its favor will not make it valuable, or satisfy reasonable persons without a trial; for the proof, after all, must lie in the use of it. Try it, then. Read, try, and then judge.

Bogle's Hyperion Fluid; Or Vegetable Hair Composition.

THE subscriber has been induced to bring this article before the public, at the request of his numerous customers, among whom are physicians and citizens of the first respectability, who have adopted its use in their families, and wish others to participate in its advantages.

The Hyperion is composed of vegetable ingredients, the secret of compounding and blending which is known solely to the subscriber. It is an article in which a cleansing and purifying wash is beautifully blended with a most delicate, silky and glossy moisture never before attained, yet free of animal grease or essential oils. It clears the pores of the skin, causes a healthy action in the blood vessels, nerves, &c., which feed the hair, thereby preventing BALDNESS AND GRAY HAIR.

It entirely frees the skin from Scurf, Dandruff, and other cutaneous diseases, disposes the hair to curl, and changes the hardest hair into the most soft, glossy, and healthy state, also imparts to it a darker color, and the free use of it, both on the skin and hair, in a most healthy and luxurious state until the latest period of life.

Ladies will find the Hyperion a great addition to the toilet, both on account of its delicate and agreeable perfume, and the great facilities it affords in dressing the hair, which, when moist with the fluid, can be dressed in any required form, so as to preserve its place, whether plain or in curls. When used on children's heads, it lays the foundation of a good head of hair.

GENUINE BEAR'S OIL. Highly Perfumed.—Perhaps our ladies and fashionables are not aware that three-quarters of the "Bear's oil" (so called) with which they anoint their locks, wondering that it does them so little good, is nothing in the world but hog's lard, so highly scented as to escape detection, save on close examination. This, however, is simply the fact, and one that ought to be known. The only safe way is to purchase your Bear's Oil of HENRY JOHNSON, who gets it direct from Canada and the North Western Territory, and who never sells an ounce until he knows it to be genuine. The real Bear's Oil is a wonderful beautifier and strengthener of the hair, and should be used by every one desirous of beautiful locks.

CLICKER'S SUGAR-COATED PILLS. The grand purgative for the cure of headache, piles, rheumatism, dyspepsia, scurvy, small pox, heartburn, rising in the throat, fevers of all kinds, heartburn, coughs, constipation, erysipelas, deafness, colds, gout, gravel, pains in the back, palpitation of the heart, inward weakness, dropsy, asthma, measles, salt rheum, worms, quinsy, whooping cough, fits, liver complaint, itchings of the skin, nervous complaints, and a variety of other diseases, arising from impurities of the blood, and obstructions in the organs of digestion.

CAUTION.—Beware of an imitation article called Improved Sugar-Coated Pills, purporting to be patented, as both the pills and pretended patent are forgeries, got up by a miserable quack in the city of New York, who for the last four or five years has made his living by counterfeiting popular medicines.

Remember, Dr. C. V. Clicker is the inventor of sugar-coated pills, and that nothing of the sort was ever heard of until he introduced them in June 1843. Persons should therefore always ask for Clicker's sugar-coated pills, and take no others, or they will become the victims of a fraud. 25 cents per box, or five boxes for \$1.

This Range may be set in the ordinary fire place, and by a simple, though effectual apparatus, the throat of the chimney may in an instant of time, be opened or closed, so that the heat in summer and the fumes from cooking at all times may escape through the chimney.

Wood or coal may be used, and the evil of smoking chimneys is completely remedied by its introduction.

This Range is so constructed that it takes up but a small space, and yet it contains all the qualities of those which take up double the amount; and it being constructed as it is, the Boilers are brought in close proximity with the fire, and it consequently boils much sooner, and with a smaller amount of fuel, than the old fashioned Ranges, or cook stoves. It contains five boilers, four of which may be converted into two, by taking out a cross piece, and thus will admit of two large boilers at the same time. It also contains an Oven 12 inches wide by 21 deep, which cannot be surpassed for baking.

The subscriber has one of these Ranges in operation at his store, where the public are invited to call and examine it, and if they will, they must at once discover its utility. He also keeps constantly on hand all kinds of Parlor, Office, and Cook Stoves, Tin Ware, &c., &c. WM. H. BLISS, Feb 9-1f

Dr. EMANUEL,

Dear Sir:—You may perhaps think my statement almost incredible. My reason for fearing so is the fact of your never recommending your Jelly for the cure of confirmed consumption, but only in its primary or first stages. I have every reason to believe that I was in its last stage; my physician told me so; my friends told me so; as well did my symptoms, for they were truly alarming; and I felt fully convinced, that unless relief was obtained, I must soon be consigned to the narrow confines of the silent grave. But by the timely use of your remedy, I still live, and again enjoy my former good health. I had, indeed, dear Sir, all the alarming symptoms you speak of as forming consumption in its worst stage; but by the use of your Jelly, I again say, I am cured.

Yours, dear Sir, with great sincerity,
ISAAC J. BEED.

And now, reader, having given you a plain statement, let me conjure you to pause, ere it is too late; try this Balsamic Lung Jelly—try it. I have put its price to you as low as I can afford; if you use it, and succeed in curing yourself, I shall have the gratification of having rescued another from consumption; and I hope, in return, that you will not withhold from me your name, and a statement of your cure.
